

## SANITARIUMS IN NEW MEXICO

Secretary Shaw Praises the  
Good Work Done at  
Fort Stanton.

### FRATERNAL SANITARIUM REPORT

Secretary Shaw has recommended that a large number of marine hospitals be discontinued. Among those that he wishes continued is the one at Fort Stanton.

In speaking of the great work that is being done by this hospital, he says:

"At the sanitarium for consumptives at Fort Stanton, N. M., 385 patients were cared for during the year, of whom 118 were discharged, sixteen apparently cured, seven-y-seven improved and twenty-five unimproved; sixty-nine died at the sanitarium and 198 remained under treatment at the close of the year.

"This hospital gives results and offers treatment not obtainable outside of New Mexico."

The other hospitals that he recommends being maintained are the ones at New York, Boston, Baltimore, New Orleans, Chicago and San Francisco.

**Fraternal Sanitarium Committee.**  
The committee of the National Fraternal Sanitarium in Las Vegas was entertained by the Commercial club of that town last night. The members arrived in the private car of W. B. Jansen.

The committee is enthusiastic and says that the management is on a sound financial basis. In the party were President E. E. Murphy, Leavenworth, Kan.; Vice President A. L. Craig, Chicago, Ill.; Treasurer A. L. Hereford, Springfield, Ill.; Directors Dr. Ira A. Porter, Omaha, Neb.; M. L. Campbell, Neenah, Wis.; E. L. Balz, Mason City, Ia.; Olin Bryan, Baltimore, Md.; J. A. Langitt, Pittsburg, Pa.; and W. R. Eldon, St. Louis, Mo.

The following were substitutes for directors who were unable to be present: Dr. Theodore Stenean for Dr. A. P. Markey, of Port Huron, Mich.; L. E. Sisler for N. S. Baynton, P. L. McArdle was also represented. The party was accompanied by several wives of the officers of the institution.

### SISTER WANTS HER BROTHER PARDONED

PETITION BEING CIRCULATED TO  
GET MURDERER OUT OF TERRI-  
TORIAL PENITENTIARY.

A petition is being circulated at Trinidad asking for the pardon of "Jack" Dawe who shot and killed a man named Willis at Raton, N. M., about one year ago, says the Chronicle. The petition is being circulated by a sister of Dawe and he being liberally signed by Trinidad people. Willis was a relative of Mr. Dawe and the two were always close friends. Dawe went to Raton for a visit and while there he and Willis drank considerable liquor and while in this condition they quarreled and Dawe shot Willis, wounding him so badly that he died a short time later. His dying request was that Dawe be not prosecuted.

Dawe was convicted and sentenced to a term of twelve years in the territorial penitentiary at Santa Fe. Dawe resided in Trinidad at the time of the killing and was popular with all who knew him. He knew nothing of the crime he committed until he awoke in the Colfax county jail and asked the jailer what he was locked up for.

The petition will be presented to Governor Otero of New Mexico, and he may grant the prayer of the petitioners before his term of office expires. His successor having already been appointed, Dawe has been a model prisoner ever since he was first arrested for the crime.

### A CHORUS GIRL TELLS HOW THE CHORUS GIRLS LIVE

By Jeanette Paterson.  
(Chorus Girl in Fritz Schell's Co.)  
The life of the chorus girl is not all  
champagne and autos. There are  
chorus girls, to be sure, who are sur-  
rounded with everything that heart  
can desire or money procure. But  
these are not in the majority. Life

Jeanette Paterson.

for the average chorus girl, who is an  
earnest worker and not primarily a  
seeker after a good time, is a serious  
proposition.

The salary of a chorus girl is just  
about enough for her to live upon.  
By economy she can put by enough  
to tide her over the period when she  
must be idle—when all is going out  
and nothing coming in. She gets  
from \$18 to \$20 a week while she is  
employed, and she must see to it that  
it lasts her over the rainy day.

When a company first starts out  
each girl has to pay out of her salary  
for two pairs of tights, a couple of  
pairs of stockings, two pairs of gloves  
and the same number of shoes. Her  
railroad fare is paid, but all else, her  
board and lodging, comes out of her  
salary.

#### Here's Economy.

Chorus girls usually camp together  
to economize. In traveling two oc-  
cupy one berth, and I have known in-  
stances where two such made the  
Pullman car do service as a hotel.

The following health officers were  
appointed to fill vacancies: Dr. J. M.  
Shields, Perea, appointed for Sandoval  
county; Dr. William H. Barr, Gallup,  
appointed for McKinley county; and  
Dr. William MacLack of Silver City,  
appointed for Grant county.

Another way that girls save is in  
the matter of washing. We only get  
out trunks once a week, when we are  
playing one-night stands, and in her  
suit case each girl tries to carry  
enough clothing to make herself com-  
fortable. I have gone weeks where  
the only clothing that I have sent to  
the laundry were my shirt waists.

When we would get to a room that  
was big and airy we would wash our  
stockings, underclothes and handker-  
chiefs, hang them about, and when  
we arose in the morning they were  
fresh and clean, only needing the  
pulling and patting to make them  
look as though they had come from a  
French laundry.

Girls always try to live near the  
theater. Car fare is quite an item,  
especially when rehearsals are count-  
ed. Besides, the chorus is only paid  
after the production is on.  
Everything helps.

If a girl has ability and a good fig-

ure she often makes money by posing  
for artists and photographers. I  
know a girl, who, whenever she  
reaches a big town in which she is to  
remain for several days, immediately  
goes to some gallery, to see if she  
can add to her slender means as a  
model.

Many of the girls make their own  
clothes and trim their own hats. There  
is some one of them is particularly  
clever with her fingers she often  
sews for the rest, and replenishes her  
purse in this way. Once a company  
was in not stranded on the road, and  
the girls turned their hands to sew-

ing honest that came their way.

One girl, I remember, took care of  
the different children in the hotel  
while their mothers shopped or vis-  
ited, and she was proud of being a  
nursery maid until she got enough  
money together to buy a ticket to  
New York.

It is not all roses, but there is a  
fascination about the life. There is  
plenty of hard work, but there is  
also lots of pleasure. And there is  
always the thought of the few who  
have come out to be bright, big shin-  
ing stars, and the hope is always  
there that you will be picked next.

Nothing will cure indigestion that  
doesn't digest the food, itself, and  
give the stomach rest. You can't ex-  
pect that a weak stomach will regain  
its strength and get well when it is  
compelled to do the full work that a  
sound stomach should do. You  
wouldn't expect a sick horse to get  
well when it is compelled to do a full  
day's work every day of the week.

A solemn duty which we owe society, our children and our-  
selves is that nothing which can be done to assist nature  
at that time when our wives are to become mothers  
should be left undone. Of all the countless details to be  
observed at such a time, no single one is of more  
importance than the bodily welfare of the expectant  
mother, she must not experience undue suffering
